**Joshua T.**, Operations Manager, HIPAA Privacy Official at Sheet Metal Workers' National Pension Fund (SMWNPF)

As an Operations Manager for a DB Pension Fund taking on the responsibilities of Privacy Official having little to no prior experience dealing with aspects of the Health Care industry, I found the CHPE course to be exactly what I expected it to be; a detailed and thorough analysis and explanation of the HIPAA regulations. Having completed the CHPE course I feel confident in my abilities to develop, implement and maintain the necessary protocols for ensuring my Organizations' compliance.
